

# **New York State Statewide COVID-19 Hospitalizations and Beds**

## **DATA DICTIONARY**

**Office of Quality and Patient Safety (OQPS)  
Office of Primary Care and Health Systems Management  
(OPCHSM)**

**December 2022**

**Health Data NY**

Field Name	Definition or Survey Question
As of Date	The hospital reporting date through the Health Electronic Response Data System (HERDS) survey
Facility PFI	Facility PFI <b>*On December 15, 2022, one PFI discontinued reporting to the survey and a new PFI began reporting to the survey. The Facility Name is the same.</b>
Facility Name	Hospital Name
DOH Region	Hospital Regional DOH Office
Facility County	The NY county that the facility is located within
Facility Network	The network of the facility
NY Forward Region	NY Forward Region in which the facility is located
Patients Currently Hospitalized	How many confirmed positive COVID-19 patients does the facility have in either inpatient or observation beds at this time?
Patients Admitted Due to COVID	How many patients with confirmed COVID were admitted due to COVID or complications of COVID? <b>Collection of data element started 1/4/2022 Data mapping corrected 5/18/2022.</b>
Patients Admitted Not Due to COVID	How many patients with confirmed COVID were admitted where COVID was not included as one of the reasons for admission? <b>Collection of data element started 1/4/2022 Data mapping corrected 5/18/2022.</b>
Patients Newly Admitted	How many confirmed, positive COVID-19 patients have been newly admitted since the last report?
Patients Positive After Admission	How many of the positive COVID-19 patients were confirmed as positive AFTER admission AND since the last report?
Patients Discharged	How many confirmed positive COVID-19 patients have been discharged from the facility since the last report?
Patients Currently in ICU	How many confirmed, positive COVID-19 patients are there in the ICU at this time?
Patients Currently ICU Intubated	Of the confirmed positive COVID-19 patients currently in the ICU, how many are intubated?
Patients Expired	How many confirmed positive COVID-19 patients have expired in the facility since the last report? Summary level reporting by the facility.
Cumulative COVID-19 Discharges to Date	Cumulative discharges calculated from the number of Patients Discharged summary reporting.
Cumulative COVID-19 Fatalities to Date	The cumulative number of in-hospital fatalities to date. The reporting of cumulative in-hospital fatalities is from a patient-specific verified file reported by the hospital and may not match the summary level reporting of Patients Expired.
Total Staffed Beds	Total Staffed Beds in Hospital. <b>Data Replaced as of May 19, 2021, by Total Staffed Acute Care Beds</b>
Total Staffed Beds Currently Available	Total Staffed Beds Currently Available in Hospital. <b>Data Replaced as of May 19, 2021, by Total Staffed Acute Care Beds Occupied.</b>

Field Name	Definition or Survey Question
Total Staffed ICU Beds	Total Staffed ICU Beds in Hospital. <b>Data Replaced as of May 19, 2021, by Total Staffed ICU Beds2.</b>
Total Staffed ICU Beds Currently Available	Total Staffed ICU Beds Currently Available in Hospital. Data <b>Replaced as of May 19, 2021, by Total Staffed ICU Beds Currently Occupied.</b>
Total Staffed Acute Care Beds	How many staffed acute care beds are currently at your hospital?
Total Staffed Acute Care Beds Occupied	How many of those staffed acute care beds are currently occupied?
Total Staffed ICU Beds2	How many staffed ICU beds are currently at your hospital?
Total Staffed ICU Beds Currently Occupied	How many of those staffed ICU beds are currently occupied?
Total Staffed Pediatric Beds	How many staffed pediatric beds are currently at your hospital? <b>Collection of data element started 10/5/2021</b> <b>This does not represent licensed beds data. This is a subset of Total Staffed Acute Care Beds.</b>
Total Staffed Pediatric Beds Currently Occupied	How many of those staffed pediatric beds are currently occupied? <b>Collection of data element started 10/5/2021</b> <b>This does not represent licensed beds data. This is a subset of Total Staffed Acute Care Beds Occupied.</b>
Total Staffed Pediatric ICU Beds	How many staffed pediatric ICU beds are currently at your hospital? <b>Collection of data element started 10/5/2021</b> <b>This does not represent licensed beds data. This is a subset of Total Staffed ICU Beds.</b>
Total Staffed Pediatric Beds Currently Occupied	How many of those staffed pediatric ICU beds are currently occupied? <b>Collection of data element started 10/5/2021</b> <b>This does not represent licensed beds data. This is a subset of Total Staffed ICU Beds Occupied.</b>
Total New Admissions Reported	Total New Admissions (Patients Newly Admitted + Patients Positive After Admission)
Patients Age_LT1	Currently hospitalized COVID patients age category less than 1 year
Patients Age_1_4	Currently hospitalized COVID patients age category 1 to 4 years
Patients Age_5_19	Currently hospitalized COVID patients age category 5 to 19 years
Patients Age_20_44	Currently hospitalized COVID patients age category 20 to 44 years
Patients Age_45_54	Currently hospitalized COVID patients age category 45 to 54 years
Patients Age_55_64	Currently hospitalized COVID patients age category 55 to 64 years
Patients Age_65_74	Currently hospitalized COVID patients age category 65 to 74 years
Patients Age_75_84	Currently hospitalized COVID patients age category 75 to 84 years
Patients Age_GE85	Currently hospitalized COVID patients age category greater than 84 years
Hospitalized Indicator	An indicator on if the sum of the age groups equals the number reported as currently hospitalized
